

Good Driver Incentive Program
Multiple Sponsors
Requirements Change 2

Drivers:

- Can have multiple sponsors
- Can see how many points have accumulated by sponsor
- Can switch between sponsors
- Can select sponsors to register with
- Can only redeem points by sponsor
 - o Points from different sponsors DO NOT mix
 - o The driver must have enough points from a specific sponsor to redeem them for items from that sponsor's catalog

Sponsors:

- Have no ability to see what other sponsors a driver is associated with
- Can ONLY see and process the drivers for which they are the sponsors
- Can approve or deny a driver sponsorship

Admins:

- Must be able to see all the sponsors associated with a driver
- Must be able to assign drivers to multiple sponsors

REMEMBER: you must turn these changes into user stories and add them to your backlog.

Every story that you add for this change must be tagged with: RC#2 (as shown here)

The screenshot shows a web interface for creating user stories. The top section is titled "NEW USER STORY *" and contains a text input field with the placeholder "NEW STORY....". Below the input field, the status is "Unassigned", there are "0 comments", and an "Add tag" button. The bottom section shows a completed user story titled "37 NEW STORY...." with the status "Unassigned", "0 comments", and a tag "RC # 2" entered in a text field. A "Save" button is visible at the bottom right of the completed story.
